Trainer Information

Dan Chilvers BSc (Adult Nursing); MSc ACP; NMP V300; PG Cert Minor Illness & Minor Injury; PG Cert Clinical Leadership (Mary Seacole); PG Cert Emergency Nursing; FAA Lev 3 Education and Training.

Dan first qualified as an Adult Nurse in 2003 with his first role working in the Trauma Unit in Oxford before moving to A&E in 2006. This provided an opportunity to learn a whole host of skills providing Emergency care to children and adults before Dan saw an opportunity to join the ambulance service as an Ambulance Nurse in 2009.

Dan's time in the ambulance service was dedicated to delivering emergency care in the form of a role like a paramedic, providing pre-hospital emergency care to all ages. The roles changed during his service to include being a team leader and managing major incidents, providing training opportunities for new equipment and later in his service becoming a Specialist Practitioner. His role as a Specialist Practitioner opened up an opportunity to join Primary Care in 2017 where he took up a role as an Advanced Nurse Practitioner in a GP surgery. He has been a Non-Medical Prescriber since 2018 and currently works as a now ACP in same day urgent care in a GP surgery treating all age ranges and conditions while also supporting GP's with ward rounds in local Nursing Homes.

When work isn't calling, Dan has a busy growing family and enjoys music, am dram, running, and retro gaming.
