Trainer Information

Penny Lambert has been working in general practice for over 25 years as a nurse practitioner with a special interest in immunisation. She enjoys sharing her knowledge with other professionals and likes helping general practice staff achieve their potential within their roles.

She recently semi-retired to the Welsh countryside but still works in a local practice and keeps up to date with new advice and recommendations as they are released.

Booking Information

To book a place/s email

bookings@networkforpractices.co.uk

Our acceptance of your booking brings into existence a legally binding contract between us on the following **Terms & Conditions** - If places are booked but cancelled before payment has been made or a candidate DNAs, the fee will remain due. Cancellations will attract a refund if the course is subsequently fully booked. To avoid any confusion, we ask that **Cancellations are by email only**. We will make every effort to resell the cancelled place. Where places are free a £45 charge will be applied to cancellations/DNAs. Payment is required within 30 days from date of invoice.

Adult & Child Imms Update

(Online Learning Workshop)

Date: 7th February 2025
Times: 0930-1130
Venue: Zoom Online Platform
Places available: 15
Fee/s: NfP Members £45
Non Members £90

This workshop is suitable for: Nurses.

LEARNING OUTCOMES/WORKSHOP OBJECTIVES

An opportunity to network with colleagues refresh your knowledge of the UK Immunisation Schedule and to share/discuss common problems and current developments in this important area of General Practice work - our trainer will keep you on your toes by testing your knowledge and understanding throughout the session. The training is suitable as an update of the National Minimum Standards for Vaccination core curriculum.

OBJECTIVES

- Revise your knowledge and understanding of the twelve elements of the core curriculum for vaccination and immunisation.
- Revise the UK Immunisation schedule from pre-birth to later end of life, with the focus upon recent changes and seasonal vaccination.
- Identify resources to assist in delivery of the immunisation service in general practice setting.

COURSE CONTENT

- The immune system
- Different types of vaccine and how they work
- National Immunisation Schedule – what is new and what might change
- Where to get advice in complex cases
- Vaccine storage and the cold chain
- Side effects
- Anaphylaxis

“Many thanks for an informative and participatory session”

“Thank you for such a great information update”

“Made to feel at ease and able to contribute and ask questions, liked the zoom platform, good clear presentation and well presented.”
