Overview:

As professionals you frequently work with people in their moments of greatest need, witness health and social inequalities which have a direct effect on the lives of the people you care for. The sensitivity to personalisation is particularly relevant to adult safeguarding. Safeguarding is everyone's responsibility.

Outcomes:

This one-day workshop has been designed around the knowledge and competency requirements for Safeguarding Level 3 (as detailed in the Intercollegiate Document 2019) and will cover the following:

- To know how to communicate effectively with adults, & to know how to ensure that they have the opportunity to participate in decisions affecting them as appropriate to their age & ability
- To know how to contribute to/formulate & communicate effective management plans for adults who have been maltreated within a multidisciplinary approach
- To know how to ensure the processes & legal requirements are appropriately undertaken, where relevant to role
- To know how to assess training requirements & contribute to departmental updates
- To know how to deliver & receive supervision within effective models of supervision &/or peer review
- To know how to, (where relevant to role) appropriately contribute to Practice Reviews
- Draws on professional knowledge of what constitutes adult abuse, harm or neglect to support others in fulfilling their adult safeguarding duties

- Undertakes capacity assessments within the framework of the relevant legislation
- Discusses the situation with the person, documents & reports concerns, recording the wishes & views of the adult at risk.
- Understands purpose & process of case reviews & lessons learnt.
- Attends relevant multidisciplinary meetings to present supporting evidence within relevant information sharing protocols.
- Works with other professionals & agencies, with adults & their families where there are safeguarding concerns in risk management & protection.
- Undertakes clinical supervision & provides support for other staff
