Trainer Information

Cathy Warner has over 40 years of nursing experience, the last 20 of which have been in Primary Care. She currently works as Lead Respiratory Specialist Nurse for a large, 8 practice PCN. Cathy holds post graduate qualifications in Asthma, COPD, Spirometry and Allergy and has recently completed a Masters Degree in Respiratory Practice; as well as being a Non-Medical Prescriber. She is the Guardian of the Wiltshire Airways Nurse Group (WANG) which she was instrumental in setting up several years ago. Cathy has extensive experience as a Trainer, having worked both as a regional Trainer for Education for Health, a Facilitator on the IMP2ART project as well as her own independent training practice, CW Respiratory.

To book a place/s email

bookings@networkforpractices.co.uk

Our acceptance of your booking brings into existence a legally binding contract between us on the following Terms & Conditions - If places are booked but cancelled before payment has been made or a candidate DNAs, the fee will remain due. Cancellations will attract a refund if the course is subsequently fully booked. To avoid any confusion, we ask that Cancellations are by email only. We will make every effort to resell the cancelled place. Where places are free a £45 charge will be applied to cancellations/DNAs. Payment is required within 30 days from date of invoice.

Chronic Cough

Introduction

In December 2023 the **British Thoracic Society** published its **Chronic Cough in Adults Clinical Statement**.

This document offers a practical overview of the assessment and management of chronic cough. This condition is one that is frequently seen in primary care and can be difficult for clinicians to manage.

Learning Outcomes

- To have an understanding of the pathophysiology of the cough process
- Follow a logical process for assessing chronic cough
- Red Flags
- Modifiable factors
- When to refer
